

Dear Colleague:

On behalf of the New Hampshire Osteopathic Association, Board of Directors and staff, we would like to introduce ourselves to you. NHOA is aware that there are a wide range of organizations competing for your participation and your hard earned money, so we appreciate your taking the time to learn how the NHOA is the right Association for you.

There are many ways the NHOA is the right organization for you. We take pride in protecting our profession through our legislative efforts; providing quality CME seminars; offering resources that enhance your career; participate on committees that affect our profession at a local, state and national level.

It is our members' commitment to NHOA that enables us to protect your rights, but our desire is to have every D.O. in New Hampshire united in one voice. Only through interested members like you can we continue to provide this service.

We are pleased to provide the Winter Symposium and Summer CME to NH D.O.'s to offer credits they need through seminars that enhance their ability to provide quality care for their patients.

The NHOA Board of Directors looks forward to welcoming you to NHOA. If you have any questions or concerns please contact Joy Potter. Again, thank you for taking this time to see how NHOA is here for you!

Activities

- The Association continues to grow and gain a voice in the state. We hope you will take note of the accomplishments the Society has made and join us as we move forward.
- A bill was introduced to the NH Legislature to add a designated DO member to the NH Board of Medicine and one has been appointed
- Bob Soucy serves as a representative to the NH Medical Society General Council
- Delegates Nate Delisi and Bob Soucy attended national sessions and challenges NH physicians to come up with resolutions that would benefit all D.O.s and their patients
- A Scholarship in memory of Jack Parfitt was given to a New Hampshire student at UNECOM
- We keep an active web site at nhosteopath.org
- Held a successful Winter CME Symposium in Bartlett and plans are underway for future CME
- Elected a new Board of Directors and meeting Co-chairs, with a nice mix of seasoned folks and new energy.
