

New Hampshire Osteopathic Association

Advancing the art and science of Osteopathic Medicine in New Hampshire

On behalf of the New Hampshire Osteopathic Association, board of directors and staff, we would like to introduce ourselves to you. NHOA is aware that there are a wide range of organizations competing for your participation and your hard-earned money, so we appreciate your taking the time to learn the many ways the NHOA is the right association for you.

We take pride in protecting our profession through our legislative efforts; providing quality CME seminars; offering resources that enhance your career and participating on committees that affect our profession at local, state and national levels.

It is our members' commitment to NHOA that enables us to protect your rights, but our desire is to have every DO in New Hampshire united in one voice. Only through interested members like you can we continue to provide this service. We are pleased to provide the Winter Symposium and Summer CME to NH DO's to offer credits they need through seminars that enhance their ability to provide quality care for their patients.

The NHOA board of directors looks forward to welcoming you to NHOA. If you have any questions or concerns, please contact Catrina Watson. Again, thank you for taking this time to see how NHOA is here for you!

Please return completed form to NHOA Two Capital Plaza, Ste. 401, Concord NH 03301 catrina.watson@nhms.org
